[X] Yes

This EUC serves to confirm your understanding that the components being purchased are subject to export, re-export, and other restrictions under both the laws of the seller's country and the customer's country. As the purchaser, you acknowledge and agree on behalf of yourselves, your subsidiaries, and affiliates, to comply with all applicable laws and regulations concerning the export and re-export of these components.

You also acknowledge that commodities, software, and technology originating from the United States, as well as foreign manufactured products that incorporate US-origin technology or contain more than a de-minimus amount of US components, are subject to US re-export laws.

In the event of any re-export activities, please be assured that the Purchaser/Distributor will take all necessary steps to obtain the required permissions, including licenses or license exceptions as applicable. Please note that the components referenced below, in the specified quantities, will be shipped directly to the end user.

I certify that I have read all the information provided in this letter and confirm that the details are accurate.
